## Milagro Nano Skin Refining™

Is designed to be used alone as a replacement for, or in conjunction with, as an enhancement to peels, dermaplaning, microdermabrasion, botox, fillers etc...

Not to be mistaken with “micro-needling,” which is painful and can puncture, fracture, tear, wound, traumatize and damage the skin.

**Milagro Skin Refining** is a 100% natural nano technology which is **very safe, painless and extremely effective.**

During the treatment process, the 36 mono crystalline silicone pyramid nano pins, each one, one third the size of a strand of hair, separate and re-arrange the skin’s cells. This transdermal delivery system allows nutrition to pass through the skin barrier. It provides 1000% more absorption of ingredients via the nanoscopic aqua channels. When adding **Milagro Skin Health** skin care products it intensely feeds nutrients into the cells and rapidly stimulates collagen and elastin production, thus assisting in the reversal of aged and damaged skin.

### The Nano treatment in conjunction with **Milagro Skin Health™:**

- ◆ **Smooths and Refines all skin imperfections such as wrinkles, scarring, dyschromias, acne, hyperpigmentation, enlarged pores**
- ◆ **Strengthens capillaries**
- ◆ **Thickens the dermis**
- ◆ **Promotes new tissue growth**
- ◆ **Improves and restores the overall health of the skin.**

All of the following are the result of weekly or bi weekly Milagro Nano Skin Refining Treatments followed up with a professionally ecommended home care treatment regimen using **Milagro Skin Health Products.**

For optimum results, it is important to follow a professionally recommended treatment plan and skin care regimen using chirally correct skin care products, such as **Milagro Skin Health** products.

It is recommended to begin a course of 4 weekly treatments, followed by 1 treatment done every other week for 4 weeks and a maintenance treatment once every 4 to 6 weeks thereafter.

(Course of treatments could vary depending on the skin conditions and desired results)

(Individual results will vary)
